Greene county went dry at the local option election held Tuesday. In the separate town elections granted by County Judge Rardin, who holds the County Unit Law unconstitutional, the town of Greene went 19 wet. Springfield also went 14 dry.

In the Circuit Court at Lexington Tuesday he cases against the Hargises and Ed. Callahan, charged with the murder of James Cockrell, were continued to the next term, as no decision has yet been handed down by the Court of Appeals on the appeal taken by the Commonwealth's Attorney in these cases after the last trial over a year ago.

Whisky is the alcoholic distillate from fermented grain. "Straight whisky" is that which has been aged, matured or refined in wood. "Blended whisky" is a compound of whisky of different ages, or is a mixture of whisky with neutral spirits, to which harmless coloring or harmless flavoring may be added. In offering "blended whisky" for sale, the label on package or bottle must plainly state that it is a blend.

"Whisky," "malted whisky," "rye whisky," "Bourbon whisky," or other specific named whisky except a "blended whisky," must conform to the following standard: Amber-colored liquid having a distinctive odor and taste of oak wood extract and the flavor of the esters derived from the grain mash used and must conform with the standard for "whisky" as stated in the eighth decennial revision of the United States Pharmacopeia with the following exceptions and additions: Total solids should not be less than 0.15 gms, nor more than 0.5 gms of whisky solids to the 100 cc of whisky at 100% proof; the coloring should be mostly soluble in amyl alcohol.

Neutral spirits is alcohol of the eighth decennial revision of the United States Pharmacopeia that has been purified by column distillation and is free from the impurities incidental to its manufacture or otherwise. "Blended whisky," when sold as such, shall, unless sold under a professed standard of proof, have a proof of strength of at least 88% and shall be free from any substance which is poisonous or injurious to health, or of any substance that is not a necessary ingredient thereof.

Many suggestions were offered as to how the membership could be increased, and it was unanimously the opinion that Mr. George Frank "make good" at least one of his own suggestions. The social was concluded by Mr. Haines, Secretary of the Association, defining several methods that would be advantageous in carrying out the work.

The Board of Directors and members of the Y. M. C. A. to the number of about thirty-five participated in an enjoyable social given by the Secretary last evening at its rooms. After "loading up" on oyster broth, &c., Mr. Robert A. Cochran stated the object of the meeting, to which each member responded briefly.

**Preparing For Maysville's Forthcoming Big Tobacco Fair**

The people of Maysville and Mason county have always been enthusiastic with reference to the Tobacco Fairs. I am sure that this applies no more to the ones which are past, than the one which is to take place on February the 23d, 1907. The Farmers Institute will be held on Friday, the 22d, and no farmer can afford to be absent from that meeting. The exercises will be held in the Opera-house and it is expected that good music will be a feature of both days' program.

Tobacco stripping is now in progress and I trust that every farmer in the White Burley District will realize that it is possible for him to secure one or more prizes at this exhibition, and if he should fail in this, that it will be the means of advertising his crop with numerous buyers who will be present on that occasion.

The same conditions with reference to receiving and classifying the tobacco will prevail this year that have in the past. That is, the samples will be received on Friday and up to 11 o'clock on Saturday morning at the Courthouse. Each sample must contain not less than 12 hands.

Let everybody get to work in earnest in order that this may be the best exhibition of tobacco ever given.

JOHN DULEY,

President Board of Trade.

THURSDAY, DECEMBER 13th.

MAYSVILLE, KY., December 5th, 1906,

To the People of Maysville, Mason and Neighboring Counties: I wish to say that my entire stock of Suits, Overcoats and Furnishings for Men, Boys and Children, also Trunks, Suit Cases and Bags, will be sold, not, however, to discontinue business, but to enable me to carry out my plans for the coming spring and summer. By adding more space, and having it well filled for this fall and winter, whose weather thus far has been against me, finds me with too much stock. It must be sold. I am going to convert it into cash, realizing that now, while you can use it, is the time to sacrifice; also, while the sizes and lots are unbroken. In this unloading sale are the products of the leading manufacturers of the country. The price will cause you to purchase. The same condition governs this sale that has been our pride—satisfaction guaranteed to all, exchanges made without hesitating and to any one who wants it their money is refunded. Beginning this day the sale will continue until the stock is reduced.

Thanking all for previous patronage, I am,

Respectfully,

J. W. LEE.

Boys, it's getting awfully Dry! On Saturday Todd county voted out saloons by 650 majority, and Falmouth followed suit with a majority of 36.

LEXINGTON, KY., December 8th.—JAMES ADAMSON, a stonemason, climbed into a hay loft last night to sleep. In the night he slipped through a feed hatchway, fell twelve feet and landed on a bucket, splitting his head open. He was dead this morning.

And at last accounts he was still dead.

DURING a recent all-night session the House of Commons disposed of 1,000 cups of coffee, 1,000 cups of tea, 370 whisky and sodas and 420 glasses of beer, 700 eggs and a few other things. Imagine that no one ever thought of keeping on an all-night session of Uncle Sam's use of Commoners.

THANKS to prevailing good judgment, the prospects are bright for securing a practical architect—one who devotes his entire time and talents to that profession—to prepare the plans and specifications for Maysville's new School buildings. There should be no "sentiment" a matter of such vital importance.

Boys, if you have any desire to continue the business in Maysville, you'll best not too many "recommendations" from the grand Jury. Public Sentiment is a mighty hard thing to bump up against; and, my word it as your friend, there's a rising tide of public Sentiment against the Saloon right here this old town, especially against the Saloon who persists in violating the law.

The Secretary of the Treasury estimates that it will be necessary for Congress to appropriate \$680,028,453 to defray the expenses of the Government service for the fiscal year ending June 30th, 1908. This is more than \$12,000,000 less than the amount appropriated for the fiscal year of 1907.

STRANGE that The Cincinnati Post's wonderful Detective hasn't unearthed the murderers of Miss STEINIGEWAG and Miss MUELLER, right in his own city; certainly he might find some idiot in Cincinnati who, for a few glasses of beer, would "confess." And what a great "splurge" that paper could make with studhorse type and self-adulation—even though the "confessor" might deny the whole story as soon as the drunk wore off. What an age of "enterprising" journalism we do live in!

DR. FRANK BILLINGS, President of the Illinois State Board of Charities, in an address before the National Conference on Truancy, advocated state regulation of marriage. He wants a law forbidding two people to be married not merely until they had secured a certificate of health from a reputable physician, but until they had obtained a certificate of inheritance showing their antecedents. And then the learned gentleman declares that 2% of the people of Illinois are insane—a statement that will readily be accepted when it is known that he is a citizen of that state.
